SETH DAVIES-PATRICK

Bacchus Marsh, Victoria • 0498 000 508 • sethdaviespatrick@gmail.com • linkedin.com/in/sethdaviespatrick

PROFESSIONAL SUMMARY

Second-year IT student (Bachelor of Information Technology, La Trobe University) with hands-on technical experience across electronics retail, embedded systems, and home lab infrastructure. Comfortable troubleshooting across Windows and Linux environments, with working knowledge of Python and SQL. Seeking part-time or casual IT-related work to build professional experience alongside my studies.

SKILLS

- Languages & Databases: Python, SQL
- Operating Systems & Virtualisation: Windows, Linux, Proxmox VE
- Tools & Platforms: Docker, Git, self-hosted services (CasaOS)
- Security & Networking: SSH hardening, Fail2Ban, firewall configuration, authentication log analysis
- Hardware & Electronics: PC building, embedded systems (Raspberry Pi, Arduino), automotive electronics, 3D printing
- Creative & Design: Adobe Photoshop, Illustrator, Blender, 3D rendering, branding & logo design
- Professional: Customer service, POS systems, cash handling, inventory & warehouse management, event management, problem solving

RELEVANT EXPERIENCE

Multi Skill Cinema Worker, Reading Cinemas Melton *Jul 2023 – Present*

- Provide customer service across ticketing, food and beverage, and responsible service of alcohol, while maintaining front-of-house presentation in a fast-paced team environment

Technical Sales Specialist, Jaycar Electronics *Feb 2026 – Jul 2026*

- Provided technical advice and customer support across 3D printers, Raspberry Pi and Arduino projects, and electronic components
- Diagnosed issues with laptops, tablets, cameras, and dashcams; advised on 12V automotive/caravan electrical systems, including dual battery setups, MPPT solar and DC-DC chargers, and inverters

Back Operations Team Member, JB Hi-Fi *Jul 2026 – Present*

- Receive and process stock, manage inventory, organise back-of-house storage, and fulfil Click & Collect and online orders
- Handle customer returns and warranty claims, conduct stock checks, and liaise with the sales team to ensure efficient operations

Art Assistant, St Francis Catholic College *Jan 2024 – Dec 2024*

- Managed technical operations for performances and events, including projectors, lighting, sound systems, and AV equipment in the Performing Arts Centre

Freelance Graphic Designer, Self Employed *Jun 2019 – Present*

- Delivered logos, branding, social media graphics, marketing materials, and 3D renders for 250+ clients

PERSONAL PROJECTS & HOME LAB

- Cybersecurity Home Lab (Feb 2026 – Present): self-built home lab simulating a small-scale enterprise IT environment, built on a repurposed Microsoft Surface Pro running Proxmox VE and Debian Linux. Covers SSH hardening, Fail2Ban intrusion prevention, Docker containerisation, firewall configuration, and authentication log analysis. Fully documented on GitHub — github.com/sethosauruss/surfacepro-cybersecurity-homelab
- Raspberry Pi 5 home server running Docker, CasaOS, and self-hosted services (Plex, PhotoPrism, CUPS), with hands-on Linux administration and networking experience

EDUCATION

Bachelor of Information Technology — La Trobe University, Bundoora *March 2025 – Dec 2027 (in progress)*

Year 1 WAM: 76.75

Certificate III in Information Technology — Academy of Interactive Entertainment (AIE) *2022*

Certificate III in Business Management — AFL Sports Ready (AFLSR) *2024*
